SCHOOL SELF-EVALUATION : Secondary HRBQ Evidence

Extracts taken from an Example High School report

The following is a set of figures that you can use for your self-evaluation. The data for your Year 8 and 10 pupils (boys and girls) have been combined to give you one overall figure.

A guide to proportions

The following table is based on the Guide to Ofsted's house style. It provides a description of numerical proportions when expressed in words.

Proportion	Description
97-100%	Vast/overwhelming majority or almost all
80-96%	Very large majority, most
65-79%	Large majority
51-64%	Majority
35-49%	Minority
20-34%	Small minority
4-19%	Very small minority, few
0-3%	Almost none/very few

HEALTHY SCHOOLS ENHANCEMENT MODEL

The Healthy Schools enhancement model has been designed to help schools develop the wider thinking and planning they will need to do in order to achieve better outcomes around health and well-being for children and young people.

The following set of data from SHEU can be used to support your identification of meaningful outcomes.

- ⇒ **Meaningful outcome (quantitative)** These meaningful outcomes show an impact on health and well-being in children and young people.
- **Meaningful outcome (qualitative – perception)** These meaningful outcomes will reflect the views of children and young people about their health and well-being.
